

A Vote for Matt

“The 'A Vote for Matt, is a Vote for Me' campaign is important because it inspires LGBTQ+ youth to use their voices and stories to help better their futures and communities. It is surely what Matt would be doing if he were here today.” -- Jude

As the namesake of Colorado’s ‘Jude’s Law,’ 13-year-old transgender student Jude, testified for four straight years on the bill that now allows transgender and nonbinary Coloradans of any age to have accurate, reflective identification documents.

Continuing to use her voice to fight for change, Jude is currently working with state legislators to pass a similar law at the federal level.

Is a Vote for Me
